

U.S. Cellular Field, Home of the Chicago White Sox, Installs Middleby Marshall WOW! Ovens

Ballpark will Serve Concessions Using World's Fastest Conveyor Oven

February 18, 2014 (Elgin, IL)--Middleby Marshall WOW! Ovens are being installed at U.S. Cellular Field, home of the Chicago White Sox, in time for the start of the 2014 baseball season.

“We are excited to be able to offer guests at U.S. Cellular Field great-tasting, consistent food served quickly with the new Middleby Marshall WOW! Ovens,” said Mark Sieron, President of Middleby Marshall. “We are thrilled to support one of our local teams with products developed and manufactured just miles away. Middleby Marshall has developed the fastest conveyor ovens in the industry while cooking a consistent product every time and saving operators energy costs. We look forward to the future of this partnership and for the opportunity to provide baseball fans even faster service and great tasting food.”

Middleby Marshall has a deep history with the south side of Chicago, as the company was founded there in 1888, with its original location just minutes away from where U.S Cellular Field now stands.

Middleby Marshall is the world leader in conveyor cooking and is known for its durability and a perfect bake every time. The WOW! Oven has received worldwide accolades for their ability to cook great tasting products consistently and 30% faster than traditional ovens. The WOW! Ovens use 30% less energy than traditional ovens with the use of the ‘energy eye’ that lowers power usage until a product is placed on the conveyor belt. For more information on Middleby Marshall and the WOW! Oven visit www.middleby.com/midmarsh.

Middleby Marshall is a division of The Middleby Corporation, a global leader in the foodservice equipment industry. The company develops, manufactures, markets and services a broad line of equipment used for commercial and residential food cooking, preparation and processing.
